Master Services Agreement — Subscription Layer

SGC-MSA-2026-02

Master Services Agreement

Layer 3 · Subscription — Umbrella terms governing the SGC hosted platform

Effective Date	01 October 2026	Revision	2 — Hosting location clause 8.4 (27 Sep 2026)
Classification	Client-facing	Companion to	SGC-MEMO-2026-PR-03 (Rent — Subscription Layer)
Governing Law	DIFC Courts, Dubai, UAE	Status	Non-binding until Order Form signed

1. Parties and purpose

This Master Services Agreement ("MSA") is entered into between **SGC TECH AI**, a trade name of **Scholarix Global Consultants FZCO**, IFZA-licensed, Dubai, UAE ("SGC" or "Provider"), and the client identified in the applicable Order Form ("Client"). Together, the parties are the "Parties" and individually a "Party".

This MSA governs the Client's subscription to the SGC hosted platform ("Subscription Services" or "Layer 3") under SGC-MEMO-2026-PR-03. It is the umbrella agreement for the subscription layer and incorporates by reference the SGC Service Level Agreement (SGC-SLA-2026-02) and SGC-MEMO-2026-PR-03 (Rent — Subscription Layer). Where this MSA is silent, the terms of SGC-MEMO-2026-PR-03 apply.

SGC operates the technology. The Client operates its business. SGC does not become the Client's MLRO, tax agent, regulatory representative, or government-portal operator by providing the Subscription Services.

2. Definitions

Term	Definition
Platform	The SGC hosted, tenant-isolated platform providing AML screening, secure client-intake, and record/report generation as described in PR-03 §03.
Subscription Services	The Layer 3 services described in PR-03 §03, provided under this MSA and the active Order Form.
Tenant	The Client's isolated environment within the Platform, provisioned and configured under the Order Form.
Authorised Users	The licensed users specified in the Order Form, up to the included 5-user

Master Services Agreement — Subscription Layer

	allowance, plus any additional users purchased.
Founding Rate	The pricing available to the founding cohort, applied for as long as the Subscription remains continuously active, as defined in PR-03 §04.3.
Order Form	The signed commercial document that specifies the Client, package, billing cycle, additional users, and any open items closed under PR-03 §12.
Acceptable Use Policy	The SGC fair-use policy described in PR-03 §05, including any published usage allowances.
Account States	The Active, Grace, Read-only, Archive, and Deletion states defined in PR-03 §08.

3. Subscription grant and scope

3.1 Grant

Subject to the Client's compliance with this MSA and the active Order Form, SGC grants the Client a non-exclusive, non-transferable, non-sublicensable, revocable right to access and use the Subscription Services for the Client's internal business operations during the Subscription term.

3.2 Launch scope

The Subscription Services comprise the full capability set described in PR-03 §3 — a full, end-to-end Real Estate Operating System, including (among others): an AI-powered CRM with WhatsApp integration and automated nurture; an AML screening signal against supported lists; a secure digital client-intake form; generation of compliance records and reports; Sales and Invoicing; Basic Financial Reports; a Commission Engine; portal and website property-listing integration; a customisable interface; and E-invoicing readiness. PR-03 §3 is the controlling, current list.

3.3 Decision-support nature

The AML screening signal is a decision-support signal and does not replace the Client's own compliance assessment. Records and reports generated by the Platform are provided for Client review and submission where required. **Generating a record is not the same as making a regulatory filing.** The Client remains solely responsible for its regulatory decisions, filings, and obligations.

4. Client responsibilities

4.1 General

- Pay the Subscription Fee in advance in accordance with the billing cycle in the Order Form;

SGC TECH AI (Scholarix Global Consultants FZCO)

Master Services Agreement — Subscription Layer

-
- Maintain accurate billing, contact, and configuration information;
 - Designate an authorised platform administrator responsible for user management;
 - Ensure that all Authorised Users comply with this MSA and the Acceptable Use Policy;
 - Promptly notify SGC of any unauthorised access, security incident, or suspected breach;
 - Refrain from reverse-engineering, decompiling, or attempting to extract SGC IP from the Platform;
 - Refrain from using the Platform for any unlawful purpose or in violation of any applicable law.

4.2 Regulatory responsibility remains with the Client

Per PR-03 §06 and §13, the Client remains solely responsible for its own regulatory registrations, licences, government accounts, tax registrations, AML/CFT appointments, MLRO or Compliance Officer appointments, government-portal access, bank relationships, escrow arrangements, filings, submissions, renewals, and statutory reporting. **SGC does not require, request, or store credentials** for goAML, EmaraTax, Trakheesi, Ejari, EOCN, banking, WPS, or any other government or third-party portal.

4.3 Optional configuration references

The Client may voluntarily provide regulatory references (licence number, TRN, goAML organisation ID, MLRO name, Ejari reference, Trakheesi reference, EOCN information, or other business identifiers) where useful for configuration or reporting. These are optional configuration/reference information, not mandatory onboarding requirements, unless a specific subscribed feature technically requires the information.

5. Subscription Fee and payment

5.1 Subscription floor

The minimum Subscription Fee is **AED 875 per month, including five licensed users**. There is no package below this floor. Additional users above the included five are charged at the applicable published additional-user rate specified in the Order Form.

5.2 Billing cycle

The Client may select quarterly, half-yearly, or annual billing. Payment is made in advance. All amounts are exclusive of 5% UAE VAT. Founding-cohort Clients receive the Founding Rate for as long as the Subscription remains continuously active.

5.3 Third-party charges

Third-party services are outside the Subscription Fee unless expressly stated otherwise. Examples: Accredited Service Provider fees, government fees, banking or exchange-house

Master Services Agreement — Subscription Layer

fees, government registration charges, portal transaction charges. The Client contracts with and pays those third parties directly.

5.4 Late payment

If any Subscription Fee remains unpaid 7 calendar days after its due date, SGC may move the Tenant to Grace state and notify the Client. If unpaid for 14 calendar days, the Tenant moves to Read-only. If unpaid for 30 calendar days, the Tenant moves to Archive. The Client remains liable for all unpaid fees regardless of account state. **Non-payment does not transfer ownership of the Client's data to SGC.**

6. Account states and continuity

The Subscription has no fixed end date. It continues automatically until cancelled in accordance with this MSA or the Order Form. Account states follow the schedule in PR-03 §08:

#	State	Description	Trigger
1	Active	Full service	Subscription fees current
2	Grace	Service continues while payment resolves	Days 1–7 after due date
3	Read-only	Records remain accessible and exportable; no new submissions	Days 8–14 after due date
4	Archive	Tenant retained per agreed retention arrangement	After 30 days unpaid, or on cancellation
5	Deletion	Permanently removed per agreed retention period	After archive period expires

7. Acceptable use

The Subscription includes normal use of the Platform. Where certain operations create material variable infrastructure or third-party processing costs, SGC may publish reasonable usage allowances. SGC will not silently impose overage charges. Where sustained usage materially exceeds the included allowance, SGC will first notify the Client and agree the appropriate commercial treatment. Interactive access and ordinary business use will not be unnecessarily restricted because of normal usage.

The Client shall not:

- Use the Platform to store or process data that is unlawful, infringing, or in violation of any third-party right;
- Attempt to overwhelm, disrupt, or compromise Platform security, availability, or integrity;
- Resell, white-label, or re-host the Subscription Services without SGC's prior written consent;

- Use the Platform to process data of any third party that has not consented to SGC's processing terms;
- Remove, alter, or obscure any proprietary notices in the Platform.

8. Data protection, residency, and ownership

8.1 Ownership

The Client's data remains the Client's data. SGC processes Client data solely for the provision of the Subscription Services and in accordance with the applicable contractual documentation. Where required, the parties will execute the applicable Data Processing Agreement (DPA).

8.2 No model training

SGC will not use Client data to train models or for unrelated purposes outside the agreed service.

8.3 Client responsibilities

The Client remains responsible for its own lawful basis, notices, regulatory obligations, and responses to data-subject requests. SGC remains responsible for the technical and organisational measures applicable to the Platform under the agreed service.

8.4 Hosting location

Client data is hosted on infrastructure located in the European Union, kept secure under the measures in the Data Processing Agreement, and used only to provide the Subscription Services. SGC will give at least 30 calendar days' prior written notice before moving Client data to a different hosting location. Where the Client requests that its data be hosted in a specific location, SGC will assess feasibility and, if agreed, provide that hosting under a Change Order stating the migration charges and any other applicable fees. Custom hosting is optional and applies only where the Client has requested it and a Change Order has been signed by both parties.

9. Intellectual property

9.1 SGC IP

SGC retains all right, title, and interest in and to the Platform, including all software, configurations, templates, methodologies, frameworks, screening sources (where SGC holds rights), and know-how. **No SGC IP rights are transferred to the Client under this MSA.** The Client receives only the limited licence described in Section 3.1.

9.2 Client data

The Client retains all right, title, and interest in and to its business data and Client-specific configurations. SGC may retain and reuse generic methodologies, patterns, and aggregated, anonymised insights developed during the engagement, provided they do not contain Client-confidential information.

9.3 Feedback

If the Client provides feedback, suggestions, or improvement ideas to SGC, SGC may use such feedback without restriction or compensation. The Client irrevocably assigns to SGC all right, title, and interest in any feedback provided.

10. Confidentiality

Each party shall keep confidential all non-public information received from the other party, including business data, financial information, pricing, methodologies, screening sources, and roadmap information. Confidentiality obligations survive termination for **3 years**. Standard carve-outs apply: information already known, independently developed, lawfully received from a third party, or required to be disclosed by law or court order (with prompt notice where lawfully permitted).

11. Warranties and disclaimers

11.1 SGC warranties

SGC warrants that (a) the Subscription Services will perform materially in accordance with PR-03 §03 during the Subscription term; (b) SGC holds the licences and authorisations required to provide the Subscription Services under IFZA regulations; and (c) SGC will maintain the technical and organisational measures described in the applicable Data Processing Agreement.

11.2 Client warranties

The Client warrants that (a) all information provided to SGC is accurate and lawfully obtained; (b) the Client holds all rights and consents necessary to permit SGC to process such data for the Subscription Services; and (c) the Client will comply with all applicable laws, including UAE data protection regulations and AML/CFT obligations.

11.3 Disclaimers

Except as expressly stated, SGC disclaims all implied warranties, including merchantability, fitness for a particular purpose, and non-infringement. SGC does not warrant that the Platform will operate error-free or uninterrupted, that screening results will be complete or current, or that the Platform will meet the Client's business outcomes. **The AML screening signal is decision-support only and does not constitute legal, tax, or regulatory advice.** SGC does not

represent the Client before any government authority and does not submit regulatory filings in the Client's name.

12. Limitation of liability

12.1 Aggregate cap

SGC's aggregate liability under this MSA, whether in contract, tort, or otherwise, is capped at the Subscription Fees paid by the Client in the trailing 12 months. This cap applies to all claims, combined.

12.2 Excluded losses

In no event is SGC liable for indirect, incidental, special, or consequential damages; loss of profits, revenue, contracts, or anticipated savings; loss of data (other than restoration from SGC-managed backups); or business interruption.

12.3 Carve-outs

The aggregate cap does not apply to: (a) gross negligence or wilful misconduct; (b) breach of confidentiality under Section 10; (c) infringement of a third party's intellectual property rights; (d) the Client's breach of the Acceptable Use Policy in Section 7; or (e) amounts owed by the Client to SGC.

12.4 Force majeure

Neither party is liable for failure or delay caused by events beyond its reasonable control, including acts of God, government action, internet or infrastructure failure, pandemic, or screening-source outage outside SGC's control. The affected party shall promptly notify the other and use reasonable efforts to resume performance.

13. Term and termination

13.1 Term

The MSA commences on the Subscription start date specified in the Order Form and continues until cancelled in accordance with this Section 13. The Subscription has no fixed end date.

13.2 Termination for cause

Either party may terminate this MSA on written notice if the other party commits a material breach that remains uncured 30 calendar days after written notice. SGC may terminate immediately on written notice if (a) any Subscription Fee remains unpaid for 30 calendar days; (b) the Client breaches the Acceptable Use Policy in a manner that materially harms the Platform or other tenants; or (c) the Client becomes insolvent or ceases to carry on business.

13.3 Termination for convenience

The Client may terminate for convenience by giving 60 calendar days' written notice, effective at the end of the then-current billing cycle. SGC is not obligated to refund any pre-paid fees for the unused portion of the billing cycle.

13.4 Effects of termination

On termination: (a) all unpaid fees become immediately due; (b) the Client's right to access the Platform terminates; (c) the Tenant moves to Read-only for 30 calendar days to permit data export, then Archive; (d) SGC provides a final data export in standard format within 30 calendar days, subject to payment of all amounts owed; (e) each party returns or destroys the other's confidential information.

14. Governing law and dispute resolution

14.1 Governing law

This MSA is governed by the laws of the Dubai International Financial Centre (DIFC), as informed by English common law principles where DIFC law is silent. The parties submit to the **exclusive jurisdiction of the DIFC Courts**.

14.2 Dispute escalation

Before initiating court proceedings, each party shall escalate any dispute to a senior representative authorised to settle and shall negotiate in good faith for 21 calendar days. If unresolved, either party may file with the DIFC Courts. Nothing prevents a party from seeking urgent injunctive relief where necessary to protect its IP, confidential information, or Platform security.

15. General provisions

- **Entire agreement:** This MSA, the Order Form, the SLA (SGC-SLA-2026-02), and SGC-MEMO-2026-PR-03 constitute the entire agreement for the subscription layer and supersede all prior communications.
- **Order of precedence:** In case of conflict, the Order Form prevails for commercial terms; the SLA prevails for service levels; this MSA prevails for all other matters; PR-03 is interpretive context.
- **Amendments:** Must be in writing and signed by both parties.
- **Assignment:** The Client may not assign without SGC's prior written consent. SGC may assign to an affiliate or successor on written notice.
- **Notices:** In writing, to addresses in the Order Form. Email is acceptable for routine notices.
- **Severability:** If any provision is unenforceable, the rest remain in force.
- **No waiver:** Failure to enforce does not constitute waiver.
